

24th Canadian Conference on Global Health

Poster Presentations/Liste d'affiches

Updated November 6, 2018

**Note: Titles of presentations are presented in the language of submission
Veuillez noter que les titres sont présentés dans la langue laquelle ils ont été proposés**

Advancement of women and children's health and rights

1. Olagoke Akintola, University of KwaZulu Natal, South Africa
Barriers to the successful implementation of the integrated school health programme in Durban metropolises South Africa: policy makers and stakeholders' perspective
2. Olagoke Akintola, University of KwaZulu Natal, South Africa
Caregivers' experiences in accessing health care services for their school-going children participating in an integrated school health programme in low resource communities of South Africa
3. Jill Allison, Memorial University of Newfoundland, Canada
Participatory action to facilitate community collaboration in safe birth planning: A case study from Nepal
4. Sana Amjad, University of Alberta, Canada
Maternal area of residence and socio-economic status and risk of adverse maternal and birth outcomes in adolescent pregnancies
5. Amos Wung Buh, University of Ottawa, Canada
Pattern and correlates of contraceptive use among women in Zimbabwe
6. Raquel C. Burgess, Partners in Health Canada Spark (Education Team Lead), Canada
Community health workers: A theoretical argument for their capacity to tackle the three-delays of maternal mortality in Haiti
7. Alanna Chu, Dalla Lana School of Public Health, University of Toronto, Canada
A heavy burden on young minds: The global prevalence of anxiety and depression symptomology among adolescents from 77 low- and middle-income countries
8. Ava Danyluk, University of Calgary, Canada
The role of gender in the lives of smallholders – a scoping review
9. Justine Dol, Dalhousie University, Canada
Parent-targeted postnatal educational interventions in low and middle-income countries: A scoping review
10. Alzahra Hudani, University of Ottawa, Canada
Prevalence and determinants of intimate partner violence among married women in Egypt
11. Danielle Jacobson, University of Toronto, Canada
An analytic review of the literature on Female Genital Circumcision/Mutilation/Cutting (FGC): The Möbius Strip of Body and Society for Women with FGC
12. Keisha Jefferies, Dalhousie University, Canada
The experiences of nurse-midwives and obstetricians delivering postpartum care with limited resources in Dar es Salaam, Tanzania
13. Ermel Johnson, West African Health Organisation, Burkina Faso
Promotion of knowledge transfer and culture of evidence use for health systems strengthening in West African sub region

14. Lesley Johnston, University of Waterloo, Canada
Integrating Gender, Mining and Governance in Zambia and Canada
15. Mahdis Kamali, The Hospital for Sick Children, Canada
Status and drivers of maternal, newborn, child and adolescent health in the Islamic World: a comparative analysis
16. Rosemin Kassam, University of British Columbia, Canada
Challenges faced by mothers when seeking care for presumed malaria in young children in rural and remote Uganda
17. Resham Bahadur Khatri, The University of Queensland, Australia
Intersectional inequalities on the uptake of institutional delivery among women in Nepal: a test of multiple jeopardy-advantages hypotheses
18. Jean-Luc Kortenaar, Hospital for Sick Children, Canada
Using Baseline Results to Refine Programming: A Case Study of a MNCH project in Kigoma, Tanzania
19. Candy Kwok, Canadian Red Cross, Canada
How Gender influences performance levels and retention rates among Community Health Workers in Mali
20. Iris Liu, BC Children's Hospital, Canada
Understanding the journey to care for Ugandan children with rare surgical diseases
21. Shree Mulay, Medicine Faculty, Memorial University, Canada
Impact of individual and community-level factors on utilization of maternal health care services in Ghana
22. Zubia Mumtaz, University of Alberta, Canada
“How can we leave the norms of our Baap-dada?”– Exploring Socio-cultural Understandings of Menstrual Hygiene Management Practices in Pakistan
23. Mariella Munyuzangabo, The Hospital for Sick Children - Centre for Global Child Health, Canada
Sexual, reproductive health and neonatal health interventions in conflict settings: a systematic review
24. Jean Claude Mutabazi, École de Santé Publique, Université de Montréal, Canada
Integrated services for better women and children’s health: gestational diabetes and type 2 diabetes management using PMTCT lessons in South Africa
25. Gertrude Namazzi, Makerere University School of Public Health, Uganda
High neurodevelopmental disability among infants in limited resource settings: A population based study
26. Jacob Novignon, Kwame Nkrumah University of Science and Technology, Ghana
Childhood mortality, intra-household bargaining power and fertility preferences in Ghana among women in Ghana
27. Reshma Parvin Nuri, Queen's University, Canada
Access to rehabilitation services for children with disabilities: a scoping review
28. Panthea Pouramin, McMaster University, Department of Global Health, Canada
Analyzing sex differences in receiving treatment of musculoskeletal injuries among orthopaedic trauma patients across 17 low and middle income countries
29. Kalinda Ramsaran, Mercy Ships, Canada
Establishing the Ponseti Method for Clubfoot Treatment in Sub-Saharan Africa
30. Erin Ready, University of British Columbia, Canada
Knowledge, practice, and beliefs about the management of childhood malaria in rural and remote Uganda: Comparing gender differences within households
31. Margaux Sadoine, University of Montreal, Canada

- The impact of multiple rounds of indoor residual spraying on malaria incidence and hemoglobin levels in a cohort of Ugandan children**
32. J. Johanna Sanchez, University of Queensland, Australia
Campylobacter jejuni infection and household-level factors are associated with childhood growth in Mirpur, Bangladesh: An analysis of the MAL-ED Study
33. Vamini Selvanandan, University of Alberta, Canada
Community action toolkit for reducing child marriage and teen pregnancy
34. Ide Seydou, University of Ottawa, Canada
Socio-cultural Barriers to Utilization of Maternal Healthcare Services in Sub-Saharan Africa: A Systematic Review
35. Erica Stillo, Aga Khan Foundation Canada, Canada
Findings from a multi-country quantitative survey on reproductive health measures in Central Asia
36. Hana Tasic, Centre for Global Child Health, Canada
Prevalence and determinants of antenatal depression in Senegal
37. Paul TM Tieu, McMaster University, Canada
Global incidence and prevalence of violence against doctors and nurses: a systematic review and meta-analysis of gender inequality
38. Asrat Tolossa Dibaba, World Vision Canada, Canada
Citizen voice and action (CVA) as a local level advocacy methodology for the advancement of women and children's health and rights in rural Tanzania
39. Luissa Vahedi, Queen's University, Canada
Haitian perceptions of transactional sex with peacekeepers: A cross-sectional mixed methods analysis
40. Antarou Ly, Université Laval, Canada
Capacité des distributeurs communautaires à accomplir leurs tâches dans le cadre de la chimioprévention du paludisme saisonnier au Burkina Faso
41. Marietou Niang, Université Laval, Canada
Les déterminants de la pérennisation et de la mise à l'échelle des innovations en santé mondiale : une proposition de cadre conceptuel

The politics of global health

42. Valentina Antonipillai, McMaster University, Canada
A comparative analysis of refugee health policy changes in Canada and England
43. Anushka Ataullahjan, University of Alberta, Canada
Family Planning in Khyber Pakhtunkhwa: A Site of Resistance
44. Alix Bacon, Canadian Association of Midwives, Canada
Civil Societies Role in Sustaining a Rapidly Expanded Health Work Force in South Sudan: Results and lessons learned from collaborative work with the South Sudan Nurse and Midwifery Association
45. Anne-Emanuelle Birn, University of Toronto, Canada
Canadian mining in Latin America: A call to action
46. Isaac Ddumba, African Research Centre for Aging and Dementia, Uganda
Citizens' outcry, a trigger to public health institutions responsiveness; exploring the roles of accountability mechanisms on local health system performance in Uganda

47. Michelle Dimitris, McGill University, Canada
How global is global health research? A preliminary analysis of the 2000 most-cited publications per year from 2000-2015
48. Sophiya Garasia, McMaster University, Canada
Comparative analysis of the underlying values supporting Canada's decision to quarantine during SARS and Ebola
49. Gaëlle Groux, University of Ottawa, Canada
The Mystery of the Missing Doha Declaration in South Africa
50. Lee Hill, University of Cape Town, South Africa
SASCOC and South African Sport: Governance, corruption and accountability
51. Charity Oga-Omenka, University of Montreal, Canada
"It is just an ordinary cough, no need to worry yourself": understandings of cough and Implications for TB control in Nigeria
52. Jamie Robinson, Canadian Association of Midwives, Canada
Research Approaches for Health System Strengthening in South Sudan: Building Local Capacity for Research
53. Leah Rosenkrantz, Simon Fraser University, Canada
Trauma registry implementation in low- and middle-income countries
54. Mathieu Seppey, l'Université de Montréal, Canada
Determinants of sustainability: a case study of a RBF project in Burkina Faso
55. Emily White, University of Calgary, Canada
Community-led problem identification in slum communities
56. Priceless Wilkie, Quinnipiac University, United States of America
The causes of low access to diagnostic imaging facilities in Nigeria

Social and economic inclusion and populations at risk

57. Adaoha Agu, Ebonyi State University, Nigeria
Developing stakeholder engagement mechanisms to establish a safety and health committee in nigeria: implications for occupational safety and health
58. Natasha Altin, University of Toronto, Canada
Future directions for maximizing the promise and sustainability of assistive technology for older adults in Canada
59. Ebenezer Dassah, Queen's University, Canada
The lived experience of persons with physical disabilities in accessing primary health care services in rural Ghana.
60. David Durnez, Memisa, Burundi
Income Generating Initiatives to close the financial gap for health coverage in Burundi
61. Véronique Foley, Université de Sherbrooke, Canada
Rethinking diversity in medical education, pilot testing of a practical tool
62. Logan Haynes, University of Calgary, Canada
Characterizing the demographics of patients and risk factors associated with completion of rabies post-exposure prophylaxis in Shinyanga, Tanzania
63. Nafeesa Jalal, University of the Western Cape, South Africa
Inclusive access for vulnerable groups: agricultural migrant workers navigating the South African health system
64. Julia Jansen-van Vuuren, Occupational Therapist, Queen's University, Canada
Training needs of Community-Based Rehabilitation (CBR) workers for the effective implementation of CBR Programmes

65. Juyeon Lee, Dalla Lana School of Public Health - University of Toronto, Canada
Challenges in tuberculosis control among vulnerable populations in South Korea: Evidence from framework analysis
66. Marie Merline Maurice, Université d'Ottawa, Canada
Les obstacles à l'équité durant la mise en œuvre des interventions d'autonomisation économique des femmes. Une étude de cas en milieu rural haïtien
67. Amelie Mogueo, l'Université de Montréal, Canada
Patient empowerment in the management of chronic non-communicable diseases in sub-saharan Africa: a systematic review
68. Saamiyah Ali Mohammed, Union of Medical Care and Relief Organizations, Canada
Gender-transformative programming in a Syrian context: results and recommendations derived from a qualitative social relations study and analysis
69. Laura Nguyen, Faculty of Health Sciences at McMaster University, Canada
The applicability of Canadian clinical practice guidelines to elderly patients with multimorbidities
70. Christiana Okyere, Queen's University, Canada
The experiences of teachers of children with intellectual and developmental disabilities in inclusive schools in Accra, Ghana
71. Rachel Ollivier, School of Nursing, Dalhousie University, Canada
Hypertension prevalence and risk factors in rural and urban Zambian adults in Western Province: A cross-sectional study
72. Romaisa Pervez, Department of Epidemiology and Biostatistics, Schulich School of Medicine & Dentistry, Western University, Canada
Building a sustainable model and evaluation plan for psychosocial rehabilitation in Kenya: An implementation research study
73. Michelle Amonimaa Quaye, Schulich School of Medicine and Dentistry, Canada
Entrepreneurial innovation and advocacy incubation: promoting recovery and opportunity for individuals living with serious mental illness in low-middle income countries

SDGs and intersectoral collaboration for health

74. Abrar Ahmed, University of Toronto, Canada
Successful elimination of malaria in Sri Lanka in a conflict setting
75. Adriana Appau, McGill University, Canada
Understanding Tobacco Farmer's Decisions to Inform Supply Side Tobacco Control Interventions
76. Nicole Bergen, University of Ottawa, Canada
Considerations for working with language interpreters in qualitative global health research
77. David Bruer, Inter Pares, Canada
Food sovereignty for better health: a West Africa / India farmer to farmer exchange
78. Marie Hatem, Université de Montréal, Canada
What are the prioritized incentives for retaining mother and child's human healthcare resources in remote and difficult areas: the case of Benin, Burkina Faso, Senegal?
79. Ashna Hudani, University of Toronto, Canada
Knowledge Translation to increase Retinoblastoma survival rates among affected families in Kenya
80. Elahe Karimi Shahrababak, McGill University, Canada
Using different lenses to explore the association between a nutrition intervention and symptoms of infectious diseases among children in rural Ghana

81. Hani Kim, Bill & Melinda Gates Foundation, United States of America
Dissecting the political origins of inequity in global health: Applying a critical realist approach
82. Samantha Laxton, Health Standards Organization, Canada
Barriers to the usability of standards intended to prepare healthcare organizations and their communities to remain resilient in emergencies and disasters
83. Miranda Loutet, Global Health Sim, Canada
Experiential Learning for Public Health Professionals: an evaluation of educational value
84. Rania Mansour, Perelman School of Medicine, University of Pennsylvania, United States of America
Pre-departure training: An opportunity to improve knowledge of global health core competencies
85. Magalie Nelson-Personna, Plan International, Canada
Using university, vocational schools and other high concentration sites for HIV testing among young women and men in Mali
86. Aleksandra Pruszyńska, École de santé publique de l'Université de Montréal, Canada
Association between food insecurity and glycemic control among youth with type 1 diabetes in Haiti
87. Margaux Sadoine, Université de Montréal, Canada
The associations between malaria, interventions, and the environment: a systematic review
88. Ines Sebai, Université de Montréal, Canada
La sécurité alimentaire des ménages et la diversité alimentaire en Haïti

Facilitating the humanitarian-development-health nexus

89. Elahe Behrooz, University of Toronto, Canada
Oral health related quality of life in rural Uganda - an observational study
90. Warren Dodd, University of Waterloo, Canada
Ready-to-use Therapeutic Food versus Supplementary Food to treat acute child malnutrition in the Philippines. Long-term outcomes from a Natural Experiment
91. Rebecca Houweling, Trinity Western University, Canada
A case study: Applying Lasker's principles to volunteer short-term experiences in global health (STEGH) in Nepal
92. Caroline Szymaniak, Prosthodontic Associates, Canada
The evolution, challenges, success and sustainability of dental outreach in Uganda
93. Miguel M. Terradas, Université de Sherbrooke, Canada
Santé mentale au Mali : Développement d'outils d'évaluation culturellement adaptés et portrait préliminaire de la situation
